Grace to Go!

Show Stars

Community Entertainment

Corporations, businesses and other organizations will see a new energy and excitement when MoveWith Grace brings its Grace To Go Show Star program to your private or public functions and events. Whether your organization requires a customized themed choreography or a 25-40 minute variety show from kids within the community, Move with Grace Staff and Students will stage and deliver an optimal performance.

When you choose Grace To Go Show Stars, you are also giving Move With Grace students the chance to perform in front of their larger community and its many institutions.

Grace To Go Show Stars can create special entertainment for:

- Building or business grand openings
- Specialized instruction for amateur sports organizations
- Creating awareness for non-profit organizations
- Church, school and long term care facility entertainment
- "Flash mob" marketing and new product launches
- Dance oriented fitness exercises and seasonal dance events
- Commercial media, TV and fashion programming

The Move With Grace Difference

For over seven years, Move with Grace has offered competitive and recreational dance instruction. Providing children the world of dance in a fun, upbeat way has played an intricate part to keeping their students motivated and inspired.

Move with Grace is proud to produce award winning choreography and elite students who have recently performed on the world stage representing Canada in the Europe IDO World Dance Championship, featuring Hip Hop, Contemporary, Ballet, Jazz, Tap, and Musical Theatre performances.

We have learned that children, of all levels, enjoy performing in front a group. Show Star was created to encourage all of our students to get involved. We are very proud of our competitive and recreational students who dedicate their time and put so much effort into their dance experience.

Public performance is an important part of career success and we invite you to take part in encouraging our students to perform and thrive in a non-competitive environment.
